May 11, 2020

Dear St. Peter’s Parishioners,

We have two ways that you can help us begin to celebrate Mass again. If you can help with either, or both, of these needs, please contact Lisa Amos at lamos@stpetersmendota.org or 651-905-4304.

Teams are being formed to disinfect the church after every Mass. This will require approximately 60 volunteers. We are asking that only adults and those under 65 and without any health considerations that put you at greater risk participate. If you are willing to help with this important ministry, please respond as soon as possible. Sign up genius will be used for scheduling, so please include a separate email for each person who wishes to help when responding. Thank you!

Additionally, our liturgical ministers and cleaning teams will be required to wear face coverings. We are attempting to acquire these but, as you can imagine, they are hard to find and may take some time to arrive. If you are able to sew and donate appropriate face coverings, please let us know.

Thank you for your help. We are all looking forward to being able to come together in celebration once again.

In Christ,

Lisa Amos
Director of Mission & Ministry
Church of St. Peter, Mendota
